FLUORIDE VARNISH

from **ULTRADENT**
PRODUCTS, INC.

No one wants to leave the orthodontist's office with a gritty film masking their teeth. That's why Ultradent developed Enamelast[®] with an exclusive formula that is ideal for orthodontic cases due to superior fluoride release and uptake (figs 1, 2) and for recharging Opal Seal. Enamelast leaves teeth feeling natural and smooth.

- Patented adhesion-promoting agent for enhanced retention
- Smooth texture after application with no unpleasant grittiness
- Comes in great-tasting Walterberry flavour
- Non-gagging formula makes fluoride varnish easy and enjoyable
- Available in cost-effective syringes or unit-dose applications
